

TOWER REPORT 2022

Over the past year bell ringing has once again been on hold but thanks to the Ellacombe chimes I have been able to continue to ring for services.

Thanks to a book I was given a year ago.. Music for Hand bells and Church bells, chiming has taken on a fresh look.

The book contains hymns for Christmas, Easter and general services.. a total of seventy tunes covering a range of genre.

It is hoped that monthly bell ringing will return at some point but before that happens the bells will have to have a safety check as they have not been rung for over two years. Hopefully bell ringers from Redcliffe will be able to help with this.
